# Introduction

---

# State of the art

---

First topic

Second topic

# Actual work

---

When dealing with rectangled triangles I sometimes used this theorem from [2]:

$$a^2 + b^2 = c^2 \tag{2.1}$$

The demonstration is in Appendix A.

# Failed experiments

---

# Conclusion

---

# Proof of theorem 2.1

---

*Proof.* (2.1) was already demonstrated in [1].
